Vice-President

Foundation Faces to Graves Canadian War Graves Groesbeek

My work for Faces to Graves is in line with my involvement with the Market Garden Old Comrades Foundation. I have been chairman of the MGOFC since 2005. During a visit to the British veterans in Doncaster, one of them asked me to lay a wreath on the grave of her nephew who is buried in the Canadian cemetery in Groesbeek.

When Alice van Bekkum wanted to strengthen the board of Faces to Graves I offered my services. One thing led to another. I became a member of the Research Team in order to put in writing the life story of the fallen soldier whose grave I visited, at the request of his aunt.
