Counselor to the Foundation Faces To Graves Canadian War Graves Groesbeek

Based on my involvement in the remembrance and commemoration working group of the Foundation Bevrijding '45 in Apeldoorn, Alice van Bekkum asked me as an advisor to be a counselor. That fits with my experience as co-author of the book 'Apeldoorn '40 '45 stories behind the Apeldoorn war monuments' and as webmaster of www.apeldoornendeoorlog.nl.

Given the experience I gained in my military career with management and military history and my (inter) national network that extended during the investigation into the backgrounds of Allied soldiers who died in and around Apeldoorn, I think I can provide a meaningful contribution in achieving the objectives of the foundation Faces To Graves.
